### PROFESSIONAL SUMMARY:

- 2+ years of experience as an IT Professional.
- Proficiency in Angular, Angular Material, TypeScript, Node.js, Express.js and RxJS.
- Implemented optimized methods for communication with RESTful web services using Angular, leading to a 35% increase in data retrieval speed and enhancing overall system performance and responsiveness.
- Strong knowledge of modern web application design principles and responsive design.
- Proven ability to thrive in high-pressure environments and deliver results within tight deadlines.

### EXPERIENCE:

#### Programmer | July 2021 - Present | Chainsys India Pvt Ltd, Madurai

- Leading the design and development of both the Front-End and Back-End of a web application.
- Analyze the project requirements and assign tasks to team members.
- Integrating Front-End with API code.
- Handling the Sync process for real-time data synchronization
- Reporting directly to the head of the development team on a daily basis.
- Experience in accepting and responding to live production issues

### PROJECTS:

#### SMART APP BUILDER - DRAG AND DROP DESIGN TOOL

- Smart App Builder is one of the Chainsys products.
- It is a low-code/no-code application builder platform that allows users to create custom web and mobile applications without writing any code.
- It offers a drag-and-drop interface and a variety of pre-built components, making it easy for users of all skill levels to create powerful and sophisticated applications.
- Developed dynamic web applications using Angular15, Angular Material, and TypeScript, resulting in a 40% increase in user engagement and a 25% decrease in page load time.
